

For over 100 years, United Way of the Columbia-Willamette has been working to meet the needs of kids and families across our region. No matter the crisis or issue, we have always remained steadfast to our commitment to LIVE UNITED and take care of our community.

THE UNITED WAY DIFFERENCE

As your local United Way, we're uniquely positioned in our region to bring people, community partners, foundations, businesses and government agencies together to build awareness of the challenges that poverty creates, focus on where the need is the greatest and scale what works.

We address the root causes of poverty by putting racial equity at the center of our work. By funding and collaborating with culturally-specific and culturally-responsive organizations, we elevate solutions that come from within communities of color and are the most effective.

With your support, we are working with the following community partners to build a more inclusive and equitable region where all families have the resources and opportunities to thrive.
